

Additional Activity

Stories and Comics

Name _____

Date _____

Period _____

Purpose/To Do

The purpose of this activity is to apply *InterActions* ideas to fictional situations. For this activity, you need to write and/or illustrate a short story or comic. Then you need to find and analyze up to six interactions that occur in your story. Use the format below to analyze each of the interactions you choose. Space for drawing a **force diagram**, writing an **explanation**, and **evaluating** that explanation is available on page 2. You can use your own paper or make copies of this sheet.

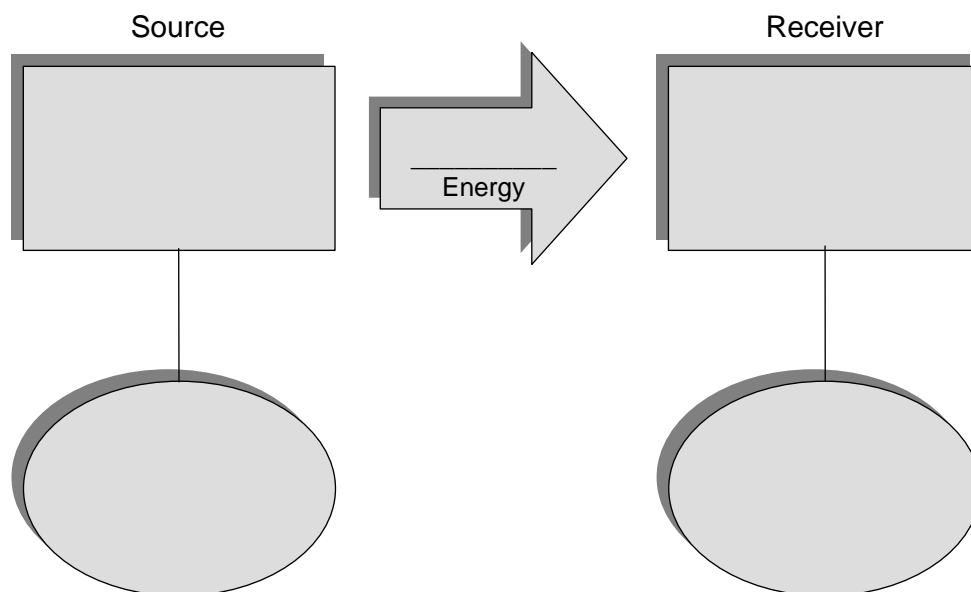

Title of Story/Comic: _____

Partner(s): _____

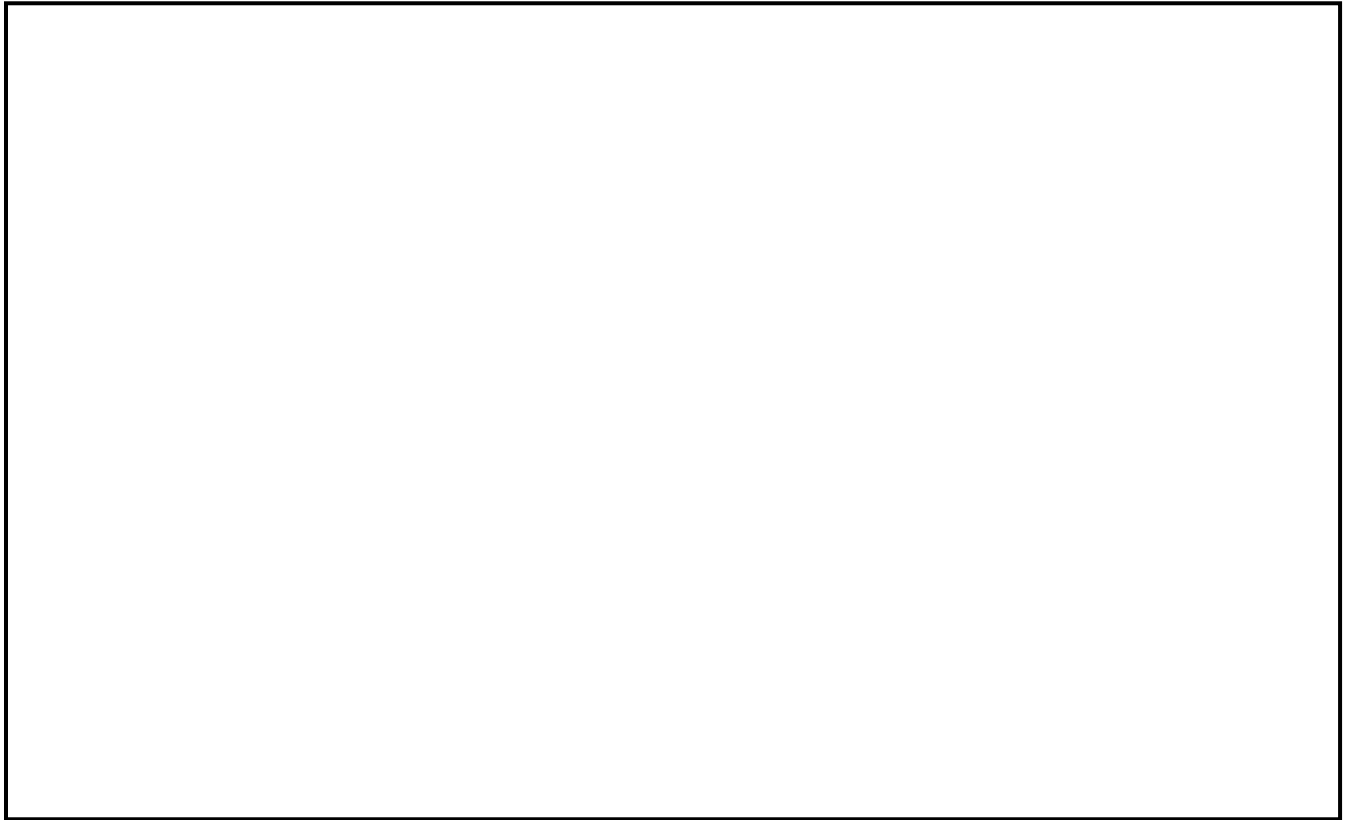

Scene description: _____

What is the evidence that an interaction occurred? _____

Type of Interaction _____

Force Diagram (mechanical and gravitational interactions only):

Certain changes in objects in your story or comic are the evidence that an interaction occurred. Explain why those changes occurred. _____

Evaluation of explanation (filled out by a partner if you have any): _____
